Quality cover

Our plans include comprehensive cover for you to access medical care anytime, anywhere*. We've built a network of more than 900,000 medical providers around the world, settling medical bills directly with the provider for most in-patient treatments.

Peace of mind

We don't just cover your healthcare costs. We go beyond to help you enjoy a healthy life, because we believe in care over cure.

Simplicity

We believe simple is better. Moving abroad is already a challenge on its own – and we're not going to make it more complex. We offer you simple and transparent services, where questions are answered first time, every time.

'Always-on' assistance

Our plans include a range of digital services and 24/7 support channels – we're always here, day and night, to take care of you.

Flexible solutions for every stage of your life

Flexibility and value for money

We offer you comprehensive cover via modular solutions, whereby you can choose what you want to be covered for and by how much, depending on your needs and budget. Also, discounts are available when insuring two or more children under your policy.

Family-friendly solutions

If you are taking your family overseas with you, we've got what you need. Choose to be covered for specific family benefits like well-child tests, vaccinations and more.

Care for your family project

If you are planning for a baby, we offer you a range of comprehensive maternity benefits via our Maternity Plans. You can also top up with our Active Pro and Active Plus Out-patient Plans, including benefits such as breastfeeding consultations, pregnancy yoga, post-natal counselling and more.

*Terms and conditions and regulatory restrictions apply.

In the spotlight

Added services

To us, international health insurance is about more than just medical costs. That's why we've included in our plans a number of added services, to help you maintain a healthier lifestyle, keep well and access appropriate assistance when needed.

24/7 support services

Emergencies or even simple concerns don't always happen at a convenient time. We're always available, day and night, week day or public holiday, to offer you support, guidance and reassurance when you're far from home. We offer a range of support services which are available 24/7 including:

- Our **multilingual Helpline**.
- **Travel Security Services**.
- **Expat Assistance Programme**.

MyHealth digital services

Claiming for your healthcare costs has never been easier with MyHealth digital services. Available as a mobile app and online portal, you can submit your claims anytime, anywhere.

Also with MyHealth, the information you need, when you need it, is on the palm of your hand. You can manage your policy online, check if you are covered for a treatment and by how much, and access a number of services like our Hospital Finder.

TeleHealth Hub

Access medical consultations from the comfort of your home or office!

As well as cover for teleconsultations, we also offer a dedicated portal, TeleHealth Hub, where you can login and access the teleconsultation provider most appropriate for your location. TeleHealth Hub is available with all Out-patient Plans.

Second medical opinion

A lot of questions may go through your mind when you or a loved one are diagnosed with a serious illness. We offer you access to a second medical opinion service, to provide you with further information when you are unsure about a diagnosis, treatment options, or need surgery. Knowing exactly what you are dealing with and getting advice from an independent medical professional/expert may give you a clearer way forward.

Olive

We believe that prevention is better than cure, which is why we offer you access to Olive, our health and wellbeing program. It gives you access to useful tools to motivate and guide you towards a healthier life – reducing the risk of developing medical conditions. For example, Olive gives you access to HealthSteps, our fitness app that connects to smart phones and wearables devices, to monitor the number of steps taken, calories burned, sleep schedule and more.

A few things we want to highlight about our benefits...

- We know that no-one wants to think about serious illness; but knowing that you're covered will give you peace of mind. Our solutions ensure that you are covered for the unexpected. For example, with Allianz Care you will have access to one of the most comprehensive oncology benefits on the market:
 - Cover for the costs of most treatments and procedures required for cancer cases.
 - Personal oncology case management service, available 24/7 to support you from the point of diagnosis and throughout the treatment. The dedicated case manager helps you understand your cover, contacting you regularly to check how treatment is going and proactively look after administration in advance of treatment.
- We continuously revise our healthcare products and services to ensure they cater for the health conditions that are most often diagnosed nowadays. For example, in terms of mental health, we now cover for things like eating disorders, obsessive-compulsive disorders, autism spectrum disorders and more.

Policy terms and conditions

This Table of Benefits was designed for promotional purpose and offers an overview of the cover we provide under each plan. All limits are per member, per Insurance Year, unless otherwise stated.
